2017 HONOREE LARRY FOREMAN

FARRIER AND HEREFORD RANCHER

Larry Foreman, rancher and longtime farrier, now retired, is known to those in the Hereford business as one who is passionate about the brand and is known for promoting Hereford cattle.

Larry grew up on a cotton farm and graduated high school in Farmersville, Texas later serving our country in the United States Army. Following his service in the army, he worked as a mechanical and electrical draftsman for several years after which time he pursued a career as a farrier. He served the farrier profession well as his career spans forty years.

Larry has always had a passion for Hereford cattle seeking to expand his knowledge of the breed, studying their genetics and producing quality cattle. He has been an active member of the Northeast Texas Hereford Association for many years, as well as a member of the Texas Hereford Association and the American Hereford Association. He states that his involvement with Hereford cattle has been very exciting, fulfilling and rewarding. - If you're looking for extra ruggedness and stoutness to add to your herd, this bull beats any other out for that spot. He comes from a great sire and shares a lot of qualities with Stockman to add to that. This young bull is packed with muscle and bone. He is stout from the ground up, sure to raise big calves. Although he's young, give him time and he will out produce any other bull in your herd. He has a great pedigree to make great females and future sire-type bulls.

- This young heifer has the design, make-up, and potential to go a long way. She is sure to make a great cow and produce show quality cattle. She has a lot of pieces that cattle producers struggle to find anywhere else. She's loaded with muscle, foot, and bone but still strikes you from the side. She's bred to make great cow material and will raise great calves for the future owner. Her Dam is a great cow and out produces many in the herd. Unlike most cattle, her Dam makes the most of feed and input and maintains great conformation throughout the year.

- Horned
- This heifer comes from a great cow and even better bull. Her sire is well known, winning Champion Horned Bull in Reno in 2012 and 2013, Calf Champion in Denver in 2013 and Reserve Bull in 2014, and also for winning Champion Horned Bull at Fort Worth in 2014, for Colyer Herefords & Angus. With her great pedigree, she is sure to make a phenomenal cow, loaded with power but still having the design to make a donor.

- The sire to this heifer is a flush mate to the high selling, \$10,000 female from Nolan's who sold in the Fall 2015 NETHA sale. This double bred L18 heifer comes from a great uddered cow family that has done well for GKB Cattle that goes back to Moler, Pure Gold and Notice Me. Not only is this heifer one that is elegant fronted, built right in her angles and opens up into a bold rib but she is also a long hipped, wide pinned female that sets down with an attractive hind leg set. She will show in the summer division then make you a great cow and when it's time to get her bred, bring her to us and we will help you out. Sells open.

- Texas 2T Farm is donating three embryos to benefit the Horace Stevens Scholarship Fund. Sire of embryos is NJW 73S M326 TRUST 100W ET (43002897). He was 2012 NWSS National Champion Polled Bull and Supreme Champion Hereford. Dam is Girly 73K (42696075). This coming 11-year cow we call Freckles is the best milking and most fertile cow we own. She was AI'd seven straight times, taking first time every time. Last spring after having her 8th calf she was flushed to Trust, yielding 22 grade A embryos out of 28. She always produces the biggest calf at weaning, her weaning weight ratio is 110% on 7 calves and last year's bull calf sired by Encore had a weaning ratio of 117%. She nor any of her heifers have had any birthing issues. She is gentle, easy keeping and always has a shiny coat. Don't miss out on a chance to have off spring of these two great Herefords in your pasture. Embryos are located at Champion Genetics. Shipping cost will be the responsibility of purchaser.
- *Donated by Texas 2T Farm, Nacogdoches, TX*
