

## Certified Hereford Beef Sires Recognized

The Certified Hereford Beef Sire of Distinction (CHBS) program recognizes Hereford bulls that have excelled in carcass traits. The Board initiated this program in August 2007.

To qualify as a CHBS, a bull must

1. Be in the top 25% for the CHB\$ profit index.
2. Have a minimum accuracy level of 30% for both ribeye area (REA) and marbling (MARB) expected progeny difference (EPD).

“We use this distinction to recognize sires in the Hereford breed that excelled in improving carcass traits,” says Jack Ward, American Hereford Association (AHA) chief operating officer and director of breed improvement. Although all bulls have the opportunity, only a few bulls will be recognized. Ward advises producers to remember that using balanced-trait selection is very important. “Do not over emphasize carcass traits while sacrificing other important traits for your herd.”

A bull receiving the CHBS status will be recognized on the AHA Web site, *Hereford.org*, with CHBS after the animal’s name. For more information about the CHBS program, contact Ward at [jward@hereford.org](mailto:jward@hereford.org) or 816-842-3757.

On the following pages, you will find the list of 694 sires and their registration number attaining the CHBS recognition in 2010.
