

### Whole Herd Total Performance Record (TPR™) deadline

The final date to submit all spring 2014 calving and weaning information for Whole Herd TPR is Dec. 1. Remember each cow enrolled on your spring 2014 herd inventory must have a live calf reported or a reproductive status for no calf. In addition, each calf reported out of a dam listed on the spring 2014 inventory is required to submit a weaning weight or an appropriate disposal code in place of a weight.

### MyHerd.org

MyHerd is a real-time registry system providing members 24/7 access to the majority of the American Hereford Association (AHA) record services. Members can register animals for a discounted electronic rate. They can also transfer animals electronically to their customers, stay up-to-date with Whole Herd TPR requirements with custom to-do lists, and have the ability to view and to pay account balances online. E-mail your AHA member number to MyHerd@hereford.org to sign up for a free MyHerd account.

### Webinar FAQs

#### Q: What is a webinar?

A: A webinar is a seminar or presentation that takes place on the Internet. A webinar allows participants from different locations to come together for a virtual presentation and to ask questions.

#### Q: How do I register to attend a webinar?

A: To attend a session, you'll first need to register at [Hereford.org/schoolofmyherd](http://Hereford.org/schoolofmyherd). After you register, you will receive a confirmation e-mail with information on how to join the session. When it's time for the session, just click the "Join" URL in your confirmation e-mail.

#### Q: I've had trouble with sound during past webinars. How can I fix this?

A: If you have attended a webinar before and the sound or audio was hard to hear through your device, use your telephone to listen to the webinar. Follow the telephone audio instructions found in the webinar confirmation e-mail. A telephone number and a webinar access code will be provided. **HW**

## School of MyHerd technical support

Do you need help with the new online registry system, or would you like to see how the new system works before signing up? Join the MyHerd team for a webinar on how to get started with MyHerd.
