Welcome to our 39th Annual Spring Bull Roundup!

It is our sincere pleasure to welcome our customers, friends and fellow beef producers to our 39th Annual Spring Bull Roundup, Monday, March 5th. We are very excited about this year's offering of powerful genetics that we feel can move your operation in a positive direction! The quality is deep from end-to-end as a result of the most uniform and consistent crop of bulls and heifers we have ever produced. The genetics we select are practical and always focused on the cowman's bottom line. We have retained ownership on our commercial cattle for 20 years. Feedlot closeouts and kill sheets have documented them to be very profitable in all economically important feedlot and carcass traits ...feed efficiency, rate of gain, carcass size, ribeye and marbling. Whether you sell by video, in the sale barn or retain ownership, these traits add value for potential buyers. Let us know how we can assist on your sale day, whether it's contacting buyers, providing data to back your genetic purchases or simply to discuss your marketing choices.

A majority of these 2018 sale cattle have very balanced EPD profiles. Re-calculation of Hereford EPDs using BOLT technology provides the most precise, reliable genetic predictions for making objective decisions. We have done GE-EPDs since the beginning of DNA testing. This year, we tested our entire cowherd base so all cattle on the ranch now have Genomic-Enhanced EPDs. You will see a significant increase in our Ribeye EPDs as well as continued improvement in MARB to which we have been committed for many years. Not only do these cattle have a balanced carcass approach, but they do it with the "right" look ...big, thick, easy-fleshing bulls and feminine, deep bodied females with great udders. We have always put extra emphasis on a strong maternal, practical, fault-free cowherd ...the "front pasture" kind and one that we're proud to have our name on.

Sale day 2018 marks the first event in our new Sale Barn, the result of last year's big winter and a very "saggy" roof. It has been a push to complete, but we think you will appreciate the new facility. Please join the Harrell, Thomas and Mackenzie families for our big, three-day Western Ranchers Event. It begins Sunday, March 4 at Mackenzie Ranch with our Harrell-Mackenzie Quarter Horse Preview, continues on Monday with our Harrell Hereford Ranch Spring Bull Roundup and concludes Tuesday with the Thomas Angus Ranch Annual Spring Bull Sale.

We extend an special invitation to "The Cowboy Gathering" at the Geiser Grand Hotel Monday evening after our sale. Join us for an evening of western fellowship with fellow cattlemen and industry leaders hosted by Harrell Hereford Ranch, Thomas Angus Ranch and Zoetis Animal Health.

We appreciate our customers and are committed to your success ...it is a privilege to associate with such great people. If there is anything we can do to help, please don't hesitate to call. Plan on three big days of good cattle, good horses and good western hospitality. We'll look forward to seeing you on sale day!
