Please check A.I. Certs., Signatures, Sire & Dam Enrollment in Herd Inventory and H/P/S column.

DAM OWNER SIGNATURE _____

SIRE OWNER SIGNATURE

Sire owner signature is required if the service is natural and the sire and dam are not in the same recorded ownership at the time of service.

A.I. certificate of service is required if service is by AI and if the dam & sire owner are not the same at the time of service.

TRANSFER ON ENTRY

This section is provided so that a calf may be registered at the same time as being transferred to a new owner.

This transfer on entry form corresponds with page _____ of the registration applications I am submitting.

If you wish to transfer more than ten calves from this application, please complete an additional transfer on entry form on the back of a blank "Registration Application / Birth Information Worksheet". Write the page number in the space provided above which corresponds with this page of all the applications you are submitting at this time.

INSTRUCTIONS

MAIL APPLICATIONS TO:

American Hereford Association
11500 N. Ambassador Dr., Suite 410, Kansas City, MO 64153
Telephone: (816) 842-3757, FAX (816) 243-1314

GENERAL:

- Complete the boxes as follows for each type of information.
- Ownership of Dam- Progeny are to be registered in the name of the owner on record of the registered dam at the time of the calf's birth. (Unless flush report for embryo calf is on record at the AHA office AND the embryo certificate is provided with this registration application).
- Enclose registration fee for each animal to be registered. Enclose registration and transfer fees for each animal to be registered and transferred simultaneously. Current fee schedules are available from the AHA office upon request. Certificates will not be processed without complete payment of the proper fees.
- Applications must be printed or typed.
- Sire owner signature (provided at left on this side of application) must be completed properly in order to process. Complete information on each appropriate calf which corresponds with the calf's information on the other side of this application.
- Transfer on entry (provided above on this side of application) must be completed properly in order to process. For all calves that you wish to transfer, complete all information on each calf including that calf's herd ID number, which corresponds with the calf's herd ID number on the reverse side of this application. If you wish to transfer more than ten calves on entry from this application, please complete an additional transfer on entry form and write the page number in the space provided at the top of the transfer on entry form which corresponds with this application.

DAM'S INFORMATION:

COW HERD I.D. or REGISTRATION NUMBER -Provide dam's Herd ID OR dam's registration number on file at the AHA office.

UDDER SCORE -(Measurement taken at time of calf birth) Two part score with first digit for **udder suspension** (range from 9=Very Tight to 1=Very Pendulous) and second for **teat size** (range from 9=Very Small to 1=Very Large).

SIRE'S INFORMATION:

SIRE HERD I.D. or REGISTRATION NUMBER -Provide sire's Herd ID OR sire's registration number on file at the AHA office.

TYPE SERV. -Mating type. (A=Artificial Insemination, N=Natural Service, E=Embryo Transfer)

REGISTRATION:

ET RECOVERY DATE: ET calves must have date embryo recovered from donor dam recorded.

REG CALF? -Place a "Y" in the box to register calf, or an "N" to not register calf.

CALF'S INFORMATION:

HERD I.D. -Calf's Herd Identification number, if different than left tattoo. (maximum 6 characters). It must be unique within your herd.

TATTOO -

Right Ear: Calf's right ear tattoo. The lower third of the right ear on heifers should be reserved for Bangs tattoo. Avoid the ribs. (maximum 8 characters) Calf tattoo is required. It's recommended that a "year letter" be used to indicate year of birth, with a unique number for each calf, following this system:
 2001-L, 2002-M, 2003-N, etc. The letters I, O, Q and V should not be used.

Left Ear: Calf's left ear tattoo. Refer to instructions for right ear tattoo (maximum 8 characters).

SEX -Calf's Sex. (B=Bull, C=Cow or Heifer, S=Steer)

CALVING DATE -Calf's date of birth. (MM/DD/YY)

BIRTH WEIGHT -Calf's actual birth weight, measured within 24 hours of birth.

CALV. EZ -Calving Ease Score.

1 - No difficulty, no assistance	7 - Aborted
2 - Minor difficulty, some assistance	8 - Open
3 - Major difficulty, calf puller used	9 - Dam died, calving difficulty
4 - Caesarian section	10 - Donor Dam, no calf reported
5 - Abnormal presentation	11 - Recip Dam, ET calf not reported
6 - Calf born dead or died shortly after birth	

H / P / S -H=Horned, P=Polled, S=Scurled.

TWIN -Multiple (twin) birth code (1=single, 2=twin to bull, 3=twin to heifer, 4=other)

BIRTH GROUP -Dam's birth management group (1=MGMT Group 1, 2=MGMT Group 2, 3=MGMT Group 3, etc., maximum 2 characters). Assign a different MGMT group number for each group of dams managed differently.

NAME -Calf's name (maximum 30 characters)

ET Calves must have the last 2 characters of name be "ET". If you do not allow for this, the calf's name will be modified to accommodate. Alternate use of **NAME** -If a female from your inventory has been disposed of prior to calving, then you can use the name field to record her disposal code and disposal date. (see table for disposal codes)
