

AHA Show Rules

- Cattle entered must be registered in the Herd Book of the American Hereford Association (AHA). Entries with registrations “pending” or illegible tattoos or improper tattoos as shown on the registration certificate at check-in time are ineligible for competition. Exhibitors are subject to the Association’s special rule on class qualification. Entries in these classes are accepted with the understanding that the exhibitor agrees to abide by the rule in all respects.
- The exhibition of cattle displaying false hair will not be allowed.
- Any product administered internally or used externally to alter the conformation of an animal for exhibition is prohibited. This includes the use of graphite, hemp or other similar substances externally and steroids or growth stimulants internally.
- The act of artificially filling animals internally, which includes stomach pumping, drench tubes or any other method by mouth or esophagus, is prohibited.
- All animals shown in group classes must have been shown in their respective single-age class. No transfer from one (1) breed to another, after entry, will be permitted.
- Expected Progeny Difference (EPD) values will be provided to the judge and audience for all animals shown. Animals without EPD data are eligible to show but will have N/A (not available) in place of missing data.
- It is recommended by the AHA Show Committee that classes with 10 or more head be considered to be split, depending on animals’ birthdates in each particular class.
- Any animal without a legible tattoo will not be eligible to show.
- All Hereford animals must be officially recorded (registered) thirty (30) days prior to show date to be eligible to show at a National Hereford Show.
- An animal that is scurred (scurs are small, rudimentary horns that are loosely attached to the head, which are considered to be expressed only in animals that are genetically heterozygous for the polled gene) will show in the polled division of Hereford shows. Once an animal is confirmed to be scurred by an AHA field representative, then this designation will be placed on the animal’s registration papers. Once this determination has been made and reported to the AHA office, then the owner may remove the scurs. Animals with scurs removed will show in the polled division of Hereford shows. Once an animal is confirmed polled or scurred, it will retain this designation forever.
- The individual classes will be made up and divided after the cattle are checked in at the show. They will be judged from the youngest to the oldest animal within each class.
- Calves on the side of cow-calf pairs **MUST BE** the cow’s natural calf.
- For cattle exhibited at the National Western Stock Show
 - › Exhibitors with senior bull calves and/or intermediate, yearling and senior bulls are required to provide a licensed veterinarian’s statement indicating the bull has been semen checked and evaluated as fertile. Semen evaluation is to occur within 90 days of the show. This statement must be presented at check-in during the National Western Stock Show.
 - › Exhibitors with females in the spring and junior yearling divisions must be confirmed pregnant within 45 days of show by a licensed veterinarian or by blood test or show with a calf at side.

AHA Show Classifications

The decision to have both a Hereford and polled Hereford show or to have a combined show will be left up to the discretion of the state breed associations and show management.

Rules and classifications

Exhibitors in Hereford classes are subject to the Association's special rule on class qualification, and any animal without a legible tattoo will not be eligible for show. For state and regional shows, all Hereford animals must be officially recorded at show time to be eligible to show. For national shows all Hereford animals must be officially recorded (registered) 30 days prior to the show date to be eligible to show. Entries with registrations "Pending" or "Applied for" will be ineligible to show.

Group classes

Get-of-sire — Four animals shown in above single-entry classes with both sexes represented and all progeny of one sire. It is permissible to use either the cow or calf from a cow-calf pair for the get-of-sire. Get-of-sire may be comprised of animals from one or more owners and of both horned and polled animals.

Best six head — All animals must have been shown in their respective single-entry classes, and they must be owned by the exhibitor or by a member of his/her immediate family. A cow-calf will be considered as two head in the best six head class. Best six head may be comprised of both horned and polled animals.

Premier exhibitor, Premier breeder

Awarded with the following point system: first place = 5 points, second place = 4 points, third place = 3 points, fourth place = 2 points and fifth place = 1 point. No points will be given for champions. Points will be awarded for the best six head for premier exhibitor. The same scoring system as above will be used for awarding points for the group classes. It is suggested that banners be given to the premier exhibitor and the premier breeder.

National junior show ownership rule

Cow-calf pairs, heifers and steers may be jointly owned by siblings provided all are individual members of the National Junior Hereford Association and are between the ages of 7 and 22 as of January 1 of the current year. No animal is eligible to compete if recorded in joint ownership (other than the sibling rule) or ownership of farm or family name. Bred-and-owned bulls, however, may be owned by the exhibitor, a ranch/family name as long as the junior exhibitor is also the breeder.

National and regional show point system

Placing	National Show	Regional Show
1	10	5
2	9	4
3	8	3
4	7	2
5	6	1
6	5	0
7	4	0
8	3	0
9	2	0
10	1	0
Division Champion.....	10	5
Reserve Champion.....	5	3
Grand Champion.....	20	10
Reserve Grand Champion.....	10	6

Points for national and regional show bull and show female of the year will be based on the Regional Show Point System. Animals do not have to show in a regional show in order to be eligible for show bull or female of the year in the respective four quadrants. An animal may only win show bull or female of the year for one quadrant per year. Ownership percentage followed by ownership succession (breeder, first owner, second owner, etc.) will determine from which quadrant the animal will be recognized.

AHA point shows and awards

- Official results from the show staff must be submitted within 30 days of completion of the show.
- Results must contain the following:
 - › Eight-digit AHA registration number
 - › Complete registration name as recorded in the AHA registration system
 - › Owner(s) as listed on the papers from the AHA registration system
- In order for results to be included in the calculation for show animals of the year, shows must have at least 25 head exhibited at the show.
- Shows that are listed as a national or regional point show as specified by the AHA show and sale committee will submit results to Bailey Clanton with the AHA at bclanton@hereford.org or mail them to American Hereford Association, Attn: Bailey Clanton, 11500 N. Ambassador Dr., Ste. 410, Kansas City, MO 64153.

At the 2018 AHA Annual Meeting and National Hereford Show in Kansas City, Mo., the Association will recognize four national show animals of the year, continue to award 16 regional show animals of the year and recognize eight regional premier exhibitors of the year.

- National Show Bull and Female of the Year for horned and polled
- Regional Show Bull and Female of the Year for horned and polled
- Regional Premier Exhibitor for horned and polled
