Terms and Conditions

TERMS: Terms of the sale are cash or check. Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bids.

PURCHASE: Each animal will be at the purchaser’s risk as soon as sold and can be moved after settlement has been made.

HEALTH: All cattle will have health certificates that will enable them to be shipped to any state.

CONSIGNOR’S RESPONSIBILITY: The seller is the responsible party for all representations made about his cattle. The management, auctioneer and sales staff of the sale assume no liability, legal or otherwise, but will endeavor to protect the interest of both the buyer and the seller.

CHANGES: Changes in these conditions will be binding only when reduced to writing and signed by the seller, buyer or clerk of the sale. Verbal agreements result in misunderstanding and the above rule is made to avoid such. Any changes in breeding dates will be announced sale day. Announcements from the sale box take precedence over anything printed in this catalog.

PAPERS: The certificates will be transferred to the buyer at the seller’s expense. All calves born after the sale are to be registered by the purchaser. No AI certificates are furnished.

#### Description:
- This handsome fellow is calm, extremely gentle, halter broke and likes to eat out of your hand. Buxton is dark red and no topping. He is a very low birth weight Hereford. He is a full brother of our most successful sires of Distinction: Durango, About Time, Felton's Legend and Revolution. He is dark red and has a very low birth rate and is dark red. Cricket has five Sires of Distinction: Durango, About Time, Felton's Legend and Revolution and SHF Radar plus four Certified Hereford Beef sires for a balanced pedigreed. Cricket was her tail when brushed and combed ever since she was brought to our farm. About once every seven or eight months, Cricket will approach me in the pasture and moo. I give her some feed from the barn then she returns to the herd. At times I will have observed her allowing other calves to nurse without kicking them at her. She is the second cow in twenty years to allow that nursing.
