Clifford Farms and Guests
Hereford Production Sale

Lot 1

Saturday, April 18, 2020 • Noon
Chenault Agricultural Center
2130 Camargo Rd.
Mt. Sterling, KY 40353
Dear Friends,

As I write this in early February, we are battling the rain and mud that has become the typical Kentucky winter. I look forward to spring sunshine, green grass, and our third production sale! We are once again joined by the Underwood family, Bobby Wells, Donnie Weinel, K3 Cattle, and NJB Limited to offer a great selection of stout bulls and fancy, productive females.

We look forward to meeting you and are available to answer any questions you may have. We hope you will enjoy our hospitality on sale day and believe the cattle will exceed your expectations! Thank you for coming.

- We don’t know where to start with this big guy. He has left his footprint on our herd. He’s one of the best breeding bulls we’ve ever owned. His daughters are pretty uddered, heavy milking, and calves come small and grow really well.
- Selling full interest and full possession.

Certified Hereford Beef Index (CHB$) is a terminal sire index that is built on a production system where Hereford bulls are used on Angus-based cows with a focus on feedlot performance and end-product merit. To qualify for the Hereford Advantage program, cattle must be sired by registered Hereford bulls with transferred ownership, and the Hereford bull battery must have a CHB$ value ranking in the top 50%.
