Welcome to the 2020 Coyote Ridge Ranch Private Treaty bull offering. 2019 was an exciting year at CRR and the bull group reflects this. These are rancher ready bulls that will cover your needs. All are backed by the full bull guarantee and 40 years of producing cattle geared toward increasing your bottom line.

CRR bulls are sold private treaty giving you the opportunity to find what you need within your budget without the pressure of an auction. We work to help you find genetics that best suit your operation—and for a reasonable price. Complete performance data including carcass ultra sound information is available.

We are a three-generation family operation located on the high plains of Colorado in the shadow of the Rocky Mountains. We run a real-world western range program developed to add to your bottom line. Our long-term program has a proven track record of calving ease, maternal efficiency and superior growth backed by carcass data and feedyard results. Our herd consists of dependable problem free cows that work for a living. This philosophy has enabled us to consistently provide bulls for commercial ranchers as well as genetics for reputable seedstock breeders.

The bulls are fertility tested, vaccinated and are BVD-PI free. Bulls noted MYO were raised until weaning by Mayo Ridge Ranch, family members Katie Cornelius and Lee Mayo of Scott City, Kan.

Select the right bulls now and we will deliver to you in time for breeding season.

Look to CRR for your source of commercial bulls in volume and herdsires. Call any time for details. We’ll be here when you need us—generation after generation.

SHHH.
THERE’S A LOT OF VALUE IN A QUIET, GOOD-DISPOSITIONED COW.

No broken fences. No busted gates. No injured people.

Herefords lead the way when it comes to the silent traits — and increase profitability by more than $51 per cow per year at the same time.

COME HOME TO HEREFORD.
THE BALD-FACED TRUTH
ABOUT HEREFORD GENETICS

It’s obvious - Hereford sired calves deliver a $51 increase in net profit per cow, per year.* Hereford genetics bring legendary hybrid vigor, improved fertility, feed efficiency and easy-handling docility to your program. Read the research, and see why Hereford heterosis pays off, at Hereford.org/genetics

CRR Herefords... Good For Your Business

Generations of proven performance... You can take to the bank.

A real-world western range program developed to add to your bottom line. A program with a proven track record of calving ease, maternal efficiency, carcass data and growth backed by dependable, problem-free cows who work for a living. Look to CRR for your source of commercial bulls in volume, herd bulls and productive females.

Call today for more information.
