Lawrence Herefords is a family owned and operated purebred cattle farm located in Princeton, Minnesota. Our focus is raising functional, sound, and productive cattle. "We believe that Hereford cattle offer a tremendous amount of genetic merit to the beef industry, and our goal is to produce cattle that will function in commercial and purebred herds across the nation." With the use of an extensive AI program, Lawrence Herefords has exponentially increased the quality of their genetics. Embryo transfer is now becoming a big part of the breeding program.

Proud Donors of The 2018 MYBEP Hereford Heifer

LH MISS RED RACHEL 1030X

1030X is the top producing cow in our herd. She has consistently produces calves that perform both as bulls and breeding females. We have calves and embryos for sale out of this incredible cow.

2019 MINNESOTA HEREFORD BREEDERS

Membership

Mission

Minnesota Hereford Breeders has a mission as an association to promote the Hereford breed where and whenever possible. The association unites Hereford breeders within the state by sponsoring state-wide activities, supporting youth activities, publishing a Minnesota section in Hereford America, and publishing a directory of all the current members. Our association is a promoter of Certified Hereford Beef® in the state of Minnesota. Minnesota Hereford Breeders is an active, growing group working together to keep the organization strong.

Would you like to be a member of the Minnesota Hereford Breeders?

- LJS MARK DOMINO 0945, Ten years old and still working for a living
- At or near the top of the breed for calving ease, growth, carcass, and most maternal traits
- He, his sons, and grandsons are in use in many leading herds across North America
- Sons are in Genex and ABS sire lineups
- Sons and grandsons have topped sales for Harrell, Carswell-Nichols, Largent, and Churchill
- He's become popular because he meets the needs of all segments of the beef industry

Look to us for polled or dehorned Hereford genetics that perform in the pasture, the feedlot, and on the rail. We spare no effort to identify and propagate superior Hereford genetics. We've been performance testing for 60 years, have done ultrasound carcass testing on all of our calves for 20 years, have only used genomically tested bulls for the past 10 years, and have recently done genomic testing on our entire cow herd. Add a rigorous culling of any cows that don't measure up and a unique linebreeding program and you get predictable cattle that deliver premium prices when used on your commercial cows.

For Sale:

- **Sons and grandsons of 0945, most are polled**
- **Open or bred females**
- **Semen on 0945 and several elite polled grandsons**
- **Flushes on our best cows**

ADJ 205: 714

One of the first Pilgrim sons to sell, Pyramid Pilgrim strives from the great 31S cow out of the Frederickson Ranch. 31S records 9 calves at 99.6 for birth, 105.9 for weaning, and 15 progenies at 104.9 for marbling. She adds depth and performance to her offspring without sacrificing birth weight. Pilgrim is an upcoming star in the Hereford world with amazing qualities and a matching EPD profile. Additionally, his full brother was a part of Hoffman Ranch's grand champion carload.

Selling semen summer of 2019 - $40/straw, no cert.
Owned with TSR Cattle.

Dam of 8037, FHF 10H Victra 31S
