

PEN-TO-PEN

During the JNHE younger NJHA members (protege) are paired with older NJHA members (mentors) and become pen pals and creating the Pen-to-Pen program. Mentors and proteges will register through herefordjuniornational.com by June 1 and will be paired together prior to the first session of the week. Throughout the week, teams will participate in different sessions and we encourage you to make the most of your time together with your partner. Pen-to-Pen participants will get the chance to work with a top keynote speaker, participate in fun and competitive activities, teambuilding exercises, socials and a scavenger hunt with their pals.

We encourage you to visit your pal at their stalls, attend events with them and answer any questions they may have. The Hereford breed has an outstanding membership and with a program like this one friendships will flourish over the next year. After the conclusion of the JNHE, teams are encouraged to write to each other and connect at industry events throughout the year.

REGISTER BY JUNE 1

Participants must register online through herefordjuniornational.com
