*On behalf of Wooden Shoe Farms and 4 Taylors Ranch, we would like to say thank you to all of our friends and customers for their support over the years. We feel fortunate to have so many lasting friendships with our fellow breeders and value them greatly.*

*2021 has provided some exciting changes for us and 4 Taylors with the purchase of three new herd sires. Starting off with the purchase of Churchill Silver 02HH, who is a maternal brother to Red Baron. Then we purchased the second high-selling bull of \$110,000 from Topp Herefords, TH Crown Royal 182H, and last, a bull from Canada, RSK SCK 7165 Double Down 30H. All three of these bulls have great EPDs, they are stout, thick-made bulls and have the mothers to back them up. Their dams are functional, proven and efficient with excellent udders. We cannot wait to see their progeny next season!*

*We are excited about this year's offering! This is an exceptional set of females that include some proven donors, many young donor prospects, a stellar set of bred heifers and calves. We've utilized some of the very top genetics in both breeds through embryo transfer and A.I. We feel that these females have the potential to make a positive impact in any herd nationwide.*

*To say the least, Covid-19 and the drought has brought struggles to us all. We as cattlemen are setting ourselves up to have some of the best of times in the future cattle market. Protein will be in high demand along with higher cattle prices.*

*We hope you all can take time off from your busy schedules to be with us on October 15th and join us for another Wooden Shoe Farms female sale. Online bidding will be available at [www.LiveAuctions.TV](http://www.LiveAuctions.TV). Be sure to sign up for an account prior to sale day. Videos will be available prior to sale time. Watch our Facebook page for updates. If we can assist you in any way please feel free to contact us or the sale staff. Once again, thank you and hope to see you sale day.*

Thank you,

★ We are starting off the 2021 edition of this female offering with one that truly has the look and pedigree that makes her one of the most elite females to sell. Here is a direct daughter of "Dottie" who has been a mainstream donor in our herd for a long time and has one of the best udders we have ever seen. Her sire, Z16, is a maternal brother to two-time national champion, Online, making her a double-bred Catalina 24H. C42 is a huge-bodied cow with a super udder and loaded with eye appeal. She has been a great producer for us. Her bull calf this year tells you all you need to know. This cow will produce both bull and heifer calves at the highest level and make a great donor for someone. ET permitted.

★ Bred AI April 24, 2021 to PWF Last Chance, then pasture exposed from May 5 to Aug. 2, 2021 to Mohican 4013 14G.

- ★ E904 is striking in appearance with a beautiful udder and ranks in the top 5% of the breed for milk. Her dam A114 is the Western States National Hereford Show, Senior Yearling Champion Female. She is also considered one of the best females ever born here at Wooden Shoe Farms. Her dam, grandam and daughters are very wet and have the same kind of quality udders. Eldorado is a powerhouse when it comes to proven calving ease sires that produce calves with explosive growth and performance. His popular dam is a full sister to Genex sire, 719T. Note his superb maternal milk EPD of 36. You can't go wrong with this powerful pedigree and maternal values. Her beautiful daughter sales as Lot 35.

- ★ H14 is the first offering by our guest consigner and friends from Four Taylors Ranch. This will be a super good cow with a gorgeous udder. H14 is ranked in the top 5% of the breed for milk and top 10% for udder quality. She also has great carcass data. Her sire, Warrior, comes from one of the breed's top cow families, the Beth family, and is known for producing calves with style, depth, soundness and incredible carcass EPDs. H14's dam, C138, is a donor for us and Four Taylors. This heifer will follow in her mother's footsteps and be a great producer with color and pigment. Her full sister sells as Lot 46.

★ This is another very nice Warrior daughter that comes from the Four Taylors Ranch. This heifer is dark colored with excellent pigment, like her dam and sire. H130 has phenomenal maternal traits ranking in the top 5% for milk. Her profit indexes are high and she has great carcass data, too! Her sire, Warrior, comes from one of the breed's top cow families, the Beth family, and is known for producing calves with incredible carcass EPDs. H130's dam, C138, is a donor for us and Four Taylors. This heifer has a lot of potential and will make someone an awesome cow in the future.

★ We wanted to start off our Angus offering with a flush on a VERY exciting female! Erica has become a household name around our place and has been shown very successfully this year by our granddaughter, Tymber, winning multiple jackpot and Angus breed shows. Her dam, Bar-E-L Erica 74A, is considered to be one of the breed's top females. She was the grand champion female at the 2015 Canadian Western Agribition, was a top 10 finalist in the RBC Beef Supreme and crowned Miss World Angus. She has been producing exceptional bulls and females for Blairwest Cattle in Canada and many other breeders, and exhibits a perfect Angus udder with impressive bone and tremendous rib shape. Erica's sire is the legendary Primo who is known for producing show quality cattle in all breeds. Erica, herself, has many of the qualities of her mother with a sweeping rib cage, very attractive look, deep hip and flank. This is a golden opportunity to flush a standout female to the bull of your choice!

- ★ Our lead Angus bred heifer that fits the Wooden Shoe tradition of offering donor quality females. This Shockwave daughter has tremendous value and as much rib and mass as any heifer you will see. She was successfully shown by our grandson, Zade, this year in the junior jackpot and Angus shows. Her dam, E155, was also successfully shown and is the daughter of national champion, Malsons Savannah 27W. H182 has a good spread in her numbers and is packed with maternal power! She will be a herd bull-producing machine but also will create the kind we like in the show ring.
- ★ Bred AI April 14, 2021 to VAR Revelation 6299, then pasture exposed from May 5, 2021 to SAV Butch Cassidy.
- ★ Co-owned with Peltons in North Dakota.
