

Spring 2023 Gold TPR Breeders

Eighty-two Hereford breeders achieved Gold Total Performance Records (TPR™) Breeder status for spring 2023.

Established in 2005, the program recognizes progressive breeders who go the extra mile to measure traits, collect data at all levels of

production and report performance data in a timely manner. Their commitment enhances genetic improvement in their own herds while providing their customers with the most current and precise selection data available.
