- Harvest has progeny on the ground that are proof that his numbers speak for themselves.
- It is rare to have a sire with progeny that is proving he is negative BW, triple digit YW and top 1% for CW and CHB$.
- Outstanding cow family, maternal sister is in donor program at Sandhill and dam was the high selling female in the Sandhill sale in 2021.
- Harvest more profit in your calf crop by using this true genetic tool.

- Insight, who is Homozygous Polled, defines many terms used in today's goals for breeding programs.
- Curve Bender: A big spread from CE to YW
- Carcass Quailty: Top 1% for Carcass Weight, IMF, REA and CHB Index.
- Maternal: Top Teat, Udder and Baldy Maternal and Brahman Indexes
- Pedigree: Consider progeny value, Insight's sire and dam have the highest valued progeny in the past 3 Sandhill Sales.

**HOMOZYGOUS POLLED!**

★ 100% eye pigmentations, short marked, dark red.

★ Monument was the standout performer in his contemporary group, posting a 96 BWR, 119 WWR and 115 YWR. He is a massively constructed, easy fleshing, athletic bull.

★ No animal in the Hereford population comes close to matching his combination of calving ease, growth, SCF, REA and Marbling. In addition, he ranks top 1% for all index values and has the unique distinction of ranking in the top 1% carcass weight, yet smallest 4% mature cow weight.

**HOMOZYGOUS POLLED!**

★ B279 is a highly proven sire who delivers a unique blend of birth to growth spread, extreme udder quality, elite carcass merit and a highly reliable maternal heritage.

★ Typically, his progeny are dark red, pigmented and exhibit lots of style and muscle shape.

★ His dam is an unique cow with respect to her ability to produce calving ease, thickness, moderate stature, carcass merit, fertility, udder quality and phenotype.

★ Owned with Waggoner Herefords and Claxton Farm.

**HOMOZYGOUS POLLED!**

- ★ Headstrong is a moderate statured, perfect footed, easy fleshing bull whose early progeny data indicate both calving ease potential and accelerated early growth.
- ★ His balance of CE, BW, WW, YW, MARB and REA is currently unmatched among Hereford sires.
- ★ Headstrong's dam is one of the breed's most prolific herd sire producing females in recent history.
- ★ Owned with Sandhill Farms.

- Proven calving ease!
- Sired by the proven, Belle Air and out of the matriarch, 5139R.
- Structurally flawless, huge footed, athletic.
- His calves are born small, perfectly marked and have plenty of performance.
- First four daughters to sell last fall averaged $18,000.
- A true breeding bull that we feel can impact any program, no matter what your focus is.

- 1202 has the "WOW!" factor! His overall presence, striking dark red color, goggle eyes and conformation are impossible to miss.
- His maternal grandsire, Sooner, is noted for perfect uddered, high producing females. His maternal grandam is the dam of BR Gabrielle 5082, Barber Ranch's #1 all time herd building female. Needless to say, his pedigree is proven.

**LOEWEN GENESIS GI6 ET**

- Entice sons and daughters are demanding top prices across the country.
- Sons are muscular and bold sprung with large testicles.
- Daughters can compete in the show ring and are developing into top replacement females.
- The first daughters coming into production exhibit excellent milk flow with quality udders.
- Use Entice to add performance and pigment.

HOMOZYGOUS POLLED!

- Pigmented and traditionally marked progeny with in demand color.
- Validated is iconic for angular, feminine, pretty uddered, problem free, productive daughters. The hallmark of a long term in-demand sire.
- He gives up nothing in any measured trait and blows the doors off on the traits of extra commercial value.
- Validated continues to reinforce his results driven breed superiority with leading results as a reference sire in on-going AHA sire tests. Recent test data from the Mershon test revealed Validated providing more than 1" additional rib-eye than the next best sire.
- Validated is the most unique sire in the AHA database for the ability to improve yield grade on the rail and still make easier fleshing daughters.
- Owned with Ellis Farms and Genex.

- HOMOZYGOUS POLLED!
- One of the most talked about bulls in OKC.
- A rare combination of negative BW and phenotype.
- Judge Jason Hoffman commented, "This bull is an unique individual with negative BW but still the phenotype to win in the show ring."
- Javelin's dam was a show heifer for Halle that was Oklahoma State Fair Grand Champion Hereford in the Junior and Open show and a reserve division winner at OYE.
- The best part about Javelin's dam is that she has became a tremendous cow and one of the best at Littau Polled Herefords.
- Javelin's dam is a beautiful cow with a neat udder and is headed to the donor pen.
- Javelin's sire is the popular Markers Mark and Javelin may be the best son to date.
- Javelin will provide the best of both worlds; you can sleep all night as your heifers calve and still have a calf that is of high quality.
- Javelin is sound and still provides plenty of performance. He weighed 1,884 lb. at 19.5 months of age.

- Act. BW 78 lb, WW 790 lb., YW 1,420 lb.
- Final Chapter is one of the most talked about and popular bulls in the bull market today.
- He is as flawless in his design and as complete as any bull that you will find.
- His dark red cherry color makes him extremely attractive with a profile that the industry is looking for today.
- Final Chapter has an awesome set of numbers all in a unique maternal pedigree.

- One of the most talked about bulls in OKC this year where he was Reserve Champion Polled Hereford Bull.
- His dam, BK Distinctive Points 641D ET, needs no introduction as she has stamped out numerous national champions for Buck Cattle Co. Not to mention she is a direct daughter of the great HAPP Kool Aid Points cow.
- He is elite in his look and presence and will demand the attention of many when hitting the ring as well as when selecting sires for AI.
- This young sire's skeleton and build is phenomenal when wanting to make elite functional females and powerful herd bulls.
- Don't be missing out and let Kool Profit work for you!

- Fresh Prince has become the go-to sire for heifers!
- Calving ease and maternal traits are proving true in his first two calving seasons and yet he still gives them phenotype that works in the ring!
- Fresh Prince has proven in his first two calf crops the ability to sire extremely easy calving progeny across the country, the added quality he stamps into them adds value.
- Bar Star sold three heifer calf daughters to average $16K as well as high sellers for McDonald Farms in the 2022 Breeders Cup sale and others across the country.
- He's a rare combination bull with a balanced genetic script that includes top 10% MARB and CHB$ with the phenotype to produce big time herd bulls and show heifers at the same time.
- Recently, his first progeny was selected for a divisional champion in the bull show at the 2023 NWSS as well as a class winning heifer calf at the Fort Worth Stock Show.
- There's no reason to second guess your decision to breed with Fresh Prince this coming breeding season when you're adding value to your calf crop.

- Selecting the bull to make a difference in your next calf crop is a big decision and EF MF Longest Yard 19Z 228J ET is a great option.
- This bull is trait leading in maternal strength, calving ease, growth and carcass quality.
- He combines all these tested genetic traits with an impressive profile and pigment to match.
- The owners bring this powerhouse to you as a non-AI certificate bull.

- Logic checks a lot of boxes polled, short marked, moderate birth weight, good hair, power dam and super cool made!
- He is as correct in his structure, with a big foot and bone and a world of muscle shape from end to end. He is definitely a sire to put on your short list as you decide what you are going to mate your Hereford cows to.
- The unique thing about Logic is that purebred, commercial and club calf breeders can all find a place for him in their breeding programs.
- Logic was selected division champion Hereford bull numerous times during his show season.
- Logic may be one of his best ones as you look at his design. His impeccable pedigree, muscle and look make him a standout Polled Hereford sire option.
- Owned with Chesney Effling.

- The lead off bull in the 2021 Cooper sale!
- Very unique in his type and kind; full of muscle and power in a moderate package. He has loads of rib shape and a very thick and deep quarter.
- Curve bending performance; lower birth and fast growth through the yearling stage!
- 0186 is a maternal giant out of the phenomenal 6162 cow who in turn is out of 055X. He looks to produce cows that are easy fleshing with excellent milk and super udders.
- The first 12 sons of 0186 averaged $8,000 with a top of $11,000 in the Churchill Bull Sale. His strong group of sons will be a sale feature in the Cooper and Stuber sales this spring!
- 0186 has excellent pigment, an easy disposition, and is a strong breeder in the pasture.
- He is a very special L1 sire! Put him to work for you!

- BW 85 lb., WW 962 lb., YW 1,485 lb., SC 39 cm.
- A homozygous polled star from Churchill that is a true curve bender!
- Red Baron is a trait leader for CE, BW, WW, YW, SC, Fertility, Milk, and Carcass Weight with top 1% for the all-important BMI index!
- Red Baron progeny have been very popular in the sale ring with both commercial ranchers and purebred breeders paying top dollar for both sons and daughters.
- The first Red Baron daughters have calved and look extremely good with tight udders and excellent treat size. Mothering ability is very good. They are ideal sized cows that seem to be very efficient.
- Red Baron is really good at the basics: good feet, good eyes, good udders, and good dispositions.

- BW 76 lb., WW 776 lb., YW 1,235 lb., SC 40 cm.
- The Desperado progeny are very popular! He sired the record breaking $175,000 heifer calf at Churchill!
- Desperado is a marbling leader! He is a growth leader! He is a maternal leader with excellent milk and very high udder quality.
- Desperado ranks in the top 3% of the breed for both the BMI index and the CHB index!
- Desperado's dam is a terrific cow with a great udder and an average wean ratio of 109 and yearling ratio of 107 and MARB ratio of 112.
- He is very good on his feet and legs and is a super breeder in the pasture working natural service in three herds each year.
- Desperado is high altitude approved by Dr. Tim Holt.
- Desperado is being used by many of the best outfits in the country with great results! He will work for you too!

— If you want a bull that checks all the boxes, consider WMC EF Devotion 5K. He grabs your attention with his color and pigmentation but impresses with his EPD profile and his structure. He also has a unique pedigree stacked with maternal history that is devoted to the Hereford breed. This combined with breed leading carcass traits make him a true game changer for your next calf crop.

### ROCKET INTO THE NEW FRONTIER!

- Most high marbling cattle can have a narrow base; use **ROCKET FUEL**! He expresses an extra wide top with excellent muscling through his stifle.
- Most high marbling cattle have an unbalanced trait profile; use **ROCKET FUEL**! He excels in elite top 1% in both REA AND MARB plus an above to way above breed average in a whopping 15 more traits.
- Most high marbling cattle come from an inconsistent carcass background; use **ROCKET FUEL**! Both his sire and dam possess sky-high carcassabiltiy plus he traces a grand total of 12 times to the marbling icon — King Ten!
- Most high marbling cattle have an "excuse" quality such as low eye appeal, lack of pigment, suspect disposition, etc.; use **ROCKET FUEL**! He comes with a super disposition, red pigment everywhere (even on his hooves), he is athletic and knows he is a bull!

- We fell in love with this calf the day he hit the ground. Born with tremendous vigor, a trait we are starting to notice more.
- 229K has the pigment and color pattern we feel is sought after in today's Hereford phenotype.
- We really admire his shape of rib, muscle expression and attractive stature.
- His dam is a stout, good uddered power cow.

- Has proven calving ease on heifers with exceptional growth as they get to yearling. Progeny are soft made with the very best disposition. The first daughters are calving this spring and have extremely tight level udders with finely textured teats. The more progeny that are produced the better E33's numbers get.
- Owned with Lowderman Cattle Co. and George Ochsner & Sons.

- A common response when asked what do you like about G84 is – "What's not to like?"
- This bull is impressive from every angle and will add the look that Hereford breeders desire.
- He is sound, stout and structurally correct, big topped, square hipped, deep sided, and big footed are just some words that describe this bull.
- G84 is a beautiful dark cherry red.
- This bull is sure to add power and dimension to your calves that will not only perform on the range and on the rail but in the show ring as well. He is destined to produce some great herd sires!
- Owned with Jensen Bros. and Tjardes Farms.

- Homozygous Polled!
- Top 1% for WW, YW, M&G, CW, REA, BII$ and CHB$!
- Top 2% for MM and BMI$, Top 5% for CE, Top 8% for SC, Top 9% for MCE and MARB!
- Only bull in the breed with a 10.7 CE and 130 YW!
- BW 79 lb., 205-day wt. 760 lb., YW 1,312
- REA adj. 14.85, MARB adj. 4.11
- Dam ratios 104.3 on 4 at weaning and 110 on MARB.
- 100% pigmentation, freckled face and dark red color.
- Semen is stored at 605 Sires in SD.
- Embryos for sale by our top donors Z14 and 126.
- Pedigree loaded with high accuracy sires – Endure, Anodyne and Federal.
- Holland has great CE with ideal BW. You can get calves too small at birth and sacrifice the important, highly heritable, and objective traits. Holland does not! He's got the power in his growth EPDs with good actual weights to back it up and top REA and MARB with a good carcass scan! Also, continual selecting for low birth weights will results in smaller pelvic size and therefore more difficulty calving!

**CMF II6B TORI 250D**

CHURCHILL KINGDOM 128J ET AHA 44267937

*DM ALL AROUND 904G ET x EFBEEF BR VALIDATED B413*

### DEFINING A NEW GENETIC REALM

- A truly unique breeding piece offering calving ease with strong maternal and end product value in a profit-focused package
- The maternal legend in the making - his dam is the famed 4038 and his MGD is 1311. His maternal sisters were both the high selling open and bred heifers at the 2022 Colyer sale
- Truly the next step in his pedigree stack to add genuine substance and power to the next generation
- His first progeny has excelled, earning ratios of 97 for BW and 101 for WW
- DNA tested heterozygous polled, 100% pigment both eyes

*Dam – BR Validated B413 6035 7098, Churchill Cattle Co., MT & J M Birdwell, OK*

### GENERATE BIG TIME LOOK & PERFORMANCE

- Standout and high selling Hereford bull of the 2022 Express Ranches bull sale. His first release of semen averaged over $400/straw this fall
- Absolute royalty in his pedigree blending Genesis, Revolution, 88X, and Sooner with the famous Bailee, Gabrielle, and Notice Me cow families
- Unbelievably powerful with unparalleled mass and thickness. He is a man amongst boys phenotypically
- Short marked, red to the ground and goggle eyed. He ranks in the top 10% of the breed on 9 economic traits
- DNA tested heterozygous polled, 100% pigment both eyes

*Dam – C Bailees McKee 4295 ET, Express Ranches, OK*

# DEFINING THE LOGOS
## USED IN THE AHA AI BOOK

### AHA GE-EPD

This logo highlights animals that have been genotyped through the AHA official DNA lab. That genotype will be used along with pedigree, phenotypic and progeny information for a more reliable EPD.

### NON-CERTIFICATE A.I. PROGRAM

If an A.I. sire has this designation, the progeny from this sire does not need an A.I. certificate for registration.

### NATIONAL REFERENCE SIRE PROGRAM

This designation identifies sires that have been progeny tested through the AHA National Reference Sire Program.

### HEREFORD ADVANTAGE

This logo identifies bulls that rank in the top 50% of the breed for the Certified Hereford Beef Index (CHB$). Feeder cattle sired by these bulls are eligible to be enrolled in the Hereford Advantage program through IMI Global.

### MATERNAL ADVANTAGE

This logo identifies bulls that rank in the top 50% of the breed for the Baldy Maternal Index (BMI$), or top 50% of the breed for Brahman Influence Index (BII$). Commercial Hereford x British cross or Hereford x Brahman cross replacement females sired by these bulls are eligible to be enrolled in the Maternal Advantage program.

### PREMIUM RED BALDY

This logo identifies bulls that rank in the top 50% of the breed for the Baldy Maternal Index (BMI$). Commercial Hereford x Red Angus replacement females sired by these bulls are eligible to be enrolled in the Premium Red Baldy program.

## 7HP130 NJW 119E 87G **ENDORSEMENT** 216J

AHA 44272851 / Manifest x Circleboss / Homo. Polled / $25/semen / $60/A.I. Certs

- ENDORSEMENT has solid data across the board with a distinct focus to make the best Hereford cows possible.
- ENDORSEMENT is built and designed to be the calving ease female maker we have come to expect from the NJW program. He follows in the footsteps of other Select Sires greats including 7HP105 DURANGO and 7HP122 HISTORIC.

*From NJW Polled Herefords, WY*

## 7HP126 TH 523F 738C **SLEEP ON** 163H

AHA 44140749 / Sleep On x Pioneer / Homo. Polled / $25/semen / Non-Certificate A.I. Sire

- SLEEP ON is a calving ease, phenotype standout. He offers strong maternal and end-product value in one complete package.
- Look for SLEEP ON to sire attractive, well-balanced cattle that are conservatively marked, with good capacity and muscle for the calving ease he offers.

*From Topp Herefords, ND and Five J's Cattle Co., NC*

## 7HP128 BIRDWELL **REDBIRD** 7098

AHA 44254851 / Red Baron x Validated / Homo. Polled / $30/semen / $50/A.I. Certs

- You can sort Hereford data in a lot of directions and REDBIRD will sort to the top every time!
- His dam is one of the elite cows of the breed. She has a proven track record of making good calves. Use REDBIRD to make consistent replacement females.

*From Birdwell Ranch, OK*

## 7HP125 CMF 1720 **GOLD RUSH** 569G ET

AHA 44108010 / Endure x Resolute / Homo. Polled / $25/semen / $50/A.I. Certs

- GOLD RUSH offers advantages for calving ease, growth and carcass improvement and he has a great dam behind him.
- We love the way this sire is made, sound-footed, strong-topped and big-hipped. GOLD RUSH is impressive!

- Rampage combines calving ease with maternal punch.
- His mother is a highly productive Dam of Distinction that does not miss.
- He is conservatively marked and fully pigmented with all the bells and whistles.
- His first daughters are in production and he is truly a bull that will add milk and fix udders.
- Encore's lowest birth weight and most consistent son.
