# History of the GEORGIA HEREFORD ASSOCIATION

The Georgia Polled Hereford Association Inc. was chartered on April 16, 1954, but after a short while was disbanded. In the spring of 1968, as the result of discussions among several of the Georgia Polled Hereford Breeders, R.L. Swearingen, Jr. set up a meeting for May 18, 1968, at the Holiday Inn in Perry, and 24 breeders attended. It was decided to reorganize the Georgia Polled Hereford Association, and the following directors were elected:

John Dorough	W.A. Leonard	Ben Smith
Alex Dunaway	R.E. Mitchell	J.E. Strickland Jr.
John Fuller	Konrad Purdy	R.L. Swearingen Jr.
Joe Harvey	Sam Sells, Sr.	M.E. Williams

R.L. Swearingen, Jr. was elected secretary and temporary chairman of the Board of Directors until the first membership meeting.

At the first membership meeting at The Rock on July 31, 1968, J.E. Strickland, Jr. was elected president, Sam Sells, Sr., vice-president and R.L. Swearingen, Jr. secretary-treasurer. Mr. Swearingen served as secretary-treasurer until August 1984. Keene Murphy served as secretary-treasurer 1984-86. Frank Thomas became secretary-treasurer in June 1986 thru 2007. Ray Hicks became secretary-treasurer in 2007 thru 2018. Wes Smith is current secretary-treasurer.

In June 2001, the membership voted to change the name of the association to Georgia Hereford Association which became effective October 26, 2001.

Breeding cattle since 1960, Stonegate Farm transitioned into breeding registered polled Herefords in 1985. For the last 30 years we've focused on breeding the economic traits that are important to cattlemen such as structural soundness, fertility and milking ability.

For the last 18 years we've analyzed carcass data, on the rail, to ensure our cattle are meeting the needs of the beef industry now and for the future. We've utilized the best in AI genetics, both horned and polled, to offer you the best. We welcome you to our farm where you'll find cattle that fit into any program.

# KA-CHING.

MORE POUNDS. MORE CALVES. MORE PROFIT.

Hereford bulls increase net profit by \$51 per cow per year.

That's \$20,000 in additional revenue for a typical 400-cow outfit, thanks to increased fertility and herd size.

Herefords are also the efficiency experts, proven to add value to calves in the feedyard — \$30 per head in profitability.

That's real money and real results.

## PREMIUM RED BALDY

Premium Red Baldy is designed to take advantage of the best traits of both Hereford and Red Angus. Females must be sired by bulls in the top 50% of the breed for Baldy Maternal Index (BMI\$) or Herdbuilder Index (HB).
