MODOC BULL SALE

Thank you for your interest in our 9th Annual Modoc Bull Sale. We truly appreciate your continued support, trust and loyalty to our program. We are so happy to be a part of this wonderful Modoc community. Due to cow herds becoming more and more black hided, we had a very strong demand this fall for our Hereford bulls because of their hybrid vigor, docility and soundness. The bulls offered in this sale were raised in this rugged country and are ready to go to work for you! We are so pleased to have Bar KD Ranch Angus bulls in our sale again this year. If we can be of any assistance to you prior to the sale, please give one of us a call. We look forward to visiting with you at the Modoc Auction Yard and the historic Niles Hotel.

The Steve Lambert Family — Lambert Ranch

We look forward to visiting with you in Alturas, Ca. on February 9th., for the MODOC Bull Sale. Thanks again, to the Lambert Family and Steve for allowing us the opportunity to continue partnering in this exceptional bull sale. Every year brings unique challenges we must adjust and be prepared for, and this year's bull offering is no different. Having the opportunity to offer all our bulls at one sale-one location, was an easy adjustment and longtime goal of ours, that offers tremendous forward momentum in our endeavors.

We absolutely love MODOC, the surrounding area and the people that make up this community and are looking forward to showcasing the "Fruits of our Labor" with an outstanding set of Fall 2022 Angus and Sim-Angus bulls for your review. We've combined Calving Ease, Growth, Carcass, Fertility and Longevity in each of these bulls and converted our bulls to a forage-based management practice to ensure that they are not over conditioned and have the work ethic and ability to travel out and get a lot of cows bred. We are extremely pleased with that management decision and the efficiency of the genetics represented in this year's offering.

Also new this year, we have incorporated genetic testing on our entire offering, in addition to our ongoing stringent performance perimeters to further enhance EPDs and accuracies with additional data to elevate any operation. As you review our offering, please note bulls identified with Targeting the Brand logo for premium Carcass merit potential and Calving Ease bulls identified by check marks, with one check mark indicating Calving Ease qualities and two check marks indicating Super Calving Ease qualities. We hope these added details and qualities help with your decision-making process.

Please feel free to contact us with any questions you may have or visit our website and Facebook page for additional bull sale and ranch information.
