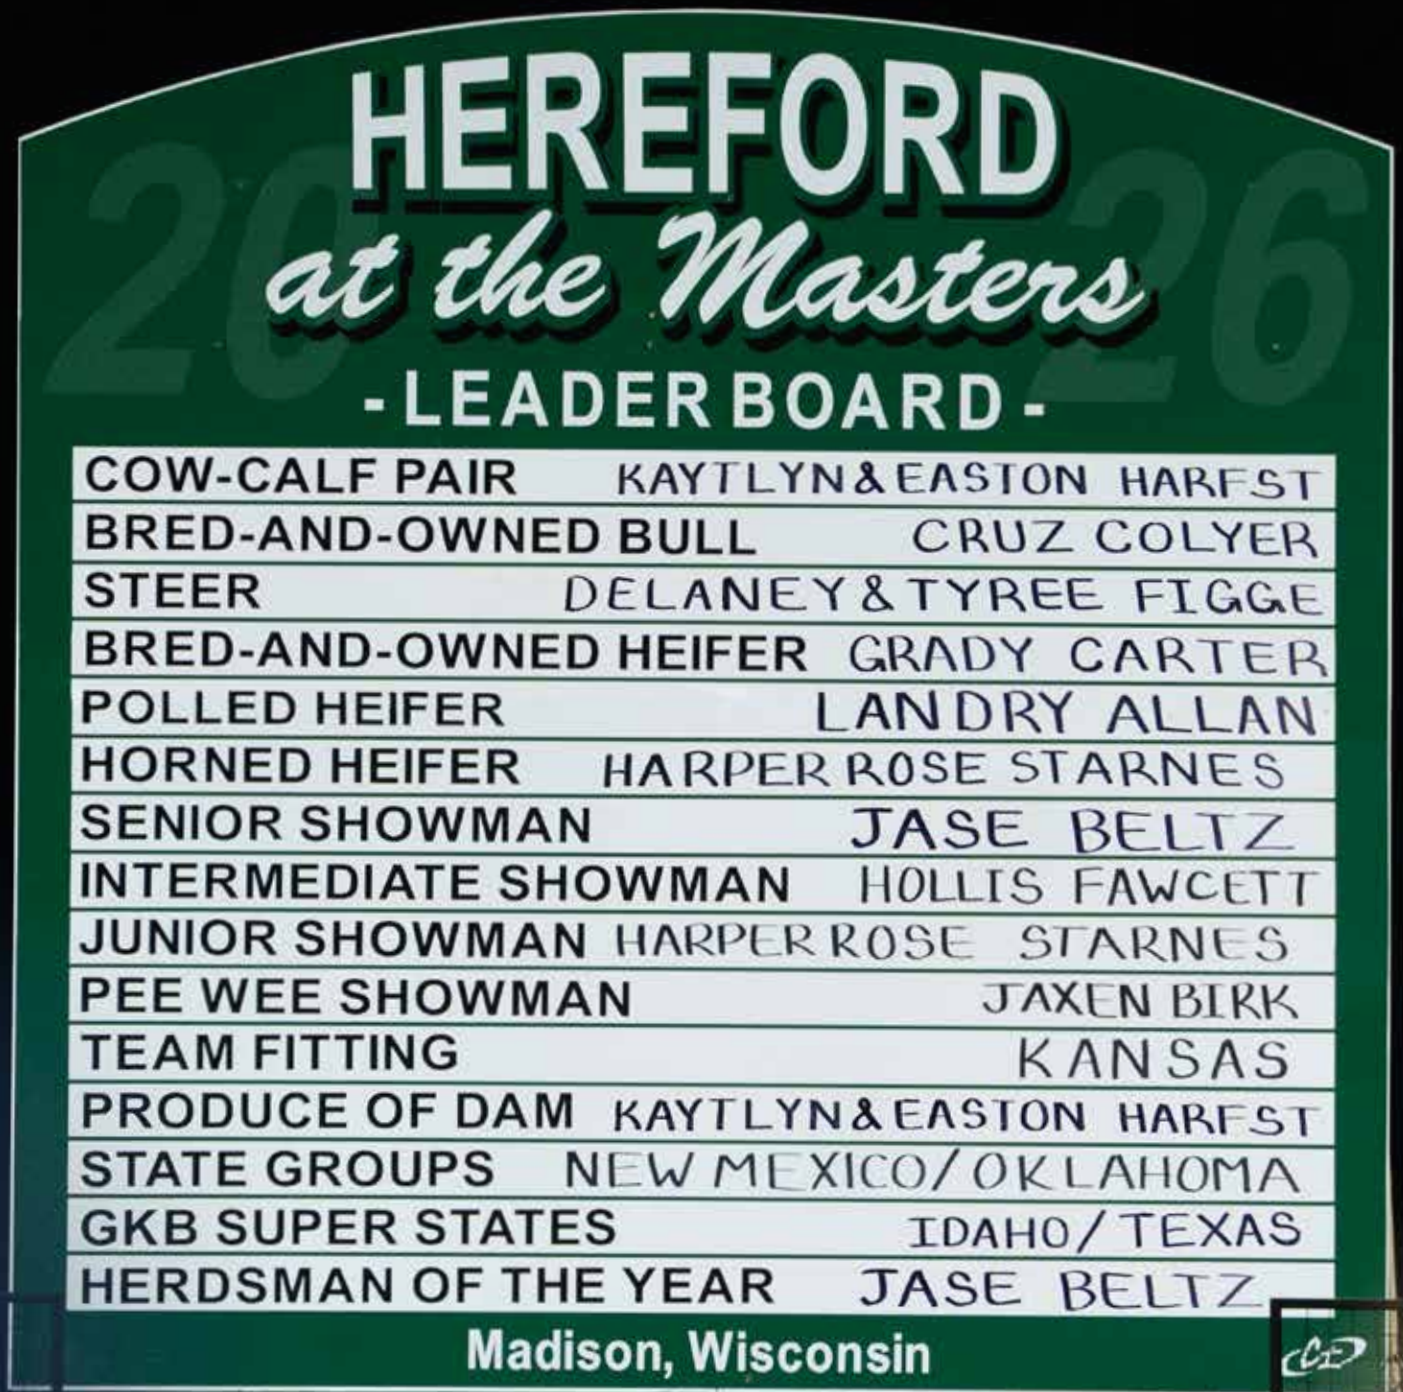
The 19th Hole


As the last trailer of Hereford cattle left "The Hereford Masters in Madison" VitaFerm® Junior National Hereford Expo (JNHE), officially came to a close. Yet, its influence on the Hereford breed and its youth will continue to echo. You could look at this coming year as the fabled "19th Hole," the spot where competitors rub shoulders, mingle and tell tales from the green. JNHE is more than a cattle show, it's a place where Hereford enthusiasts connect and young leaders rise.
